## Pre-MBA Accounting & Finance Program by MBAThinkTank!

MBAThinkTank is delighted to offer Pre-MBA courses in Accounting and Finance in order to prepare MBA candidates for difficult challenges in your MBA courses.

The understanding of business accounting and finance can make or break your MBA study. Every year, many MBA students, especially those with non-business backgrounds, find it an uphill task to earn stellar GPA and manage their time. These students thus lose a chance to win big-money scholarships and have limited internship opportunities – let alone landing jobs at high-profile companies.

### Method and Content

The courses will be conducted by Cornell MBA alum who was a teaching assistant in the B-school and is presently teaching part-time at the MBA program for a renowned university in Thailand.

We employ the teaching method similar to that of the real B-school, including quizzes and class participation.

The classes will cover topics such as Net Present Value, Risk & Return, CAPM, Beta, financial statement analysis, and the use of alternative accounting methods.

### Place and Time

The classes will be held on **Sat. 12, 19 and 26 of May** from 9am-5pm (including Accounting & Finance Clinics) at SiriSathorn Saladaeng (5-minute walk from BTS Saladaeng station).

### Fee

The normal fee is 11,000 Baht/person.

**Special rate for the payment made before April 13, 2007 is 9,500 Baht/person. Please contact us at Tel: 085 8179688.**

We limit the class size since the program is best delivered in an interactive class format.

### After completing our program, you will:

- 1) Be acquainted with the rigor of MBA teaching format
- 2) Be well equipped with strong fundamental frameworks that will significantly facilitate your MBA learning
- 3) Free your precious time at B-schools for internship and job interviews

### "The Pre-MBA Accounting & Finance Program" is for you if you:

- Hold a non-business undergraduate degree and want a head start over your peers at the B-school
- Are a business major and seek a rigorous refresher in Financial Accounting and Managerial Finance
- Want an easy time under the ultra-competitive B-school environment
- Are a current student or an entrepreneur who wants to strengthen your accounting and finance skills

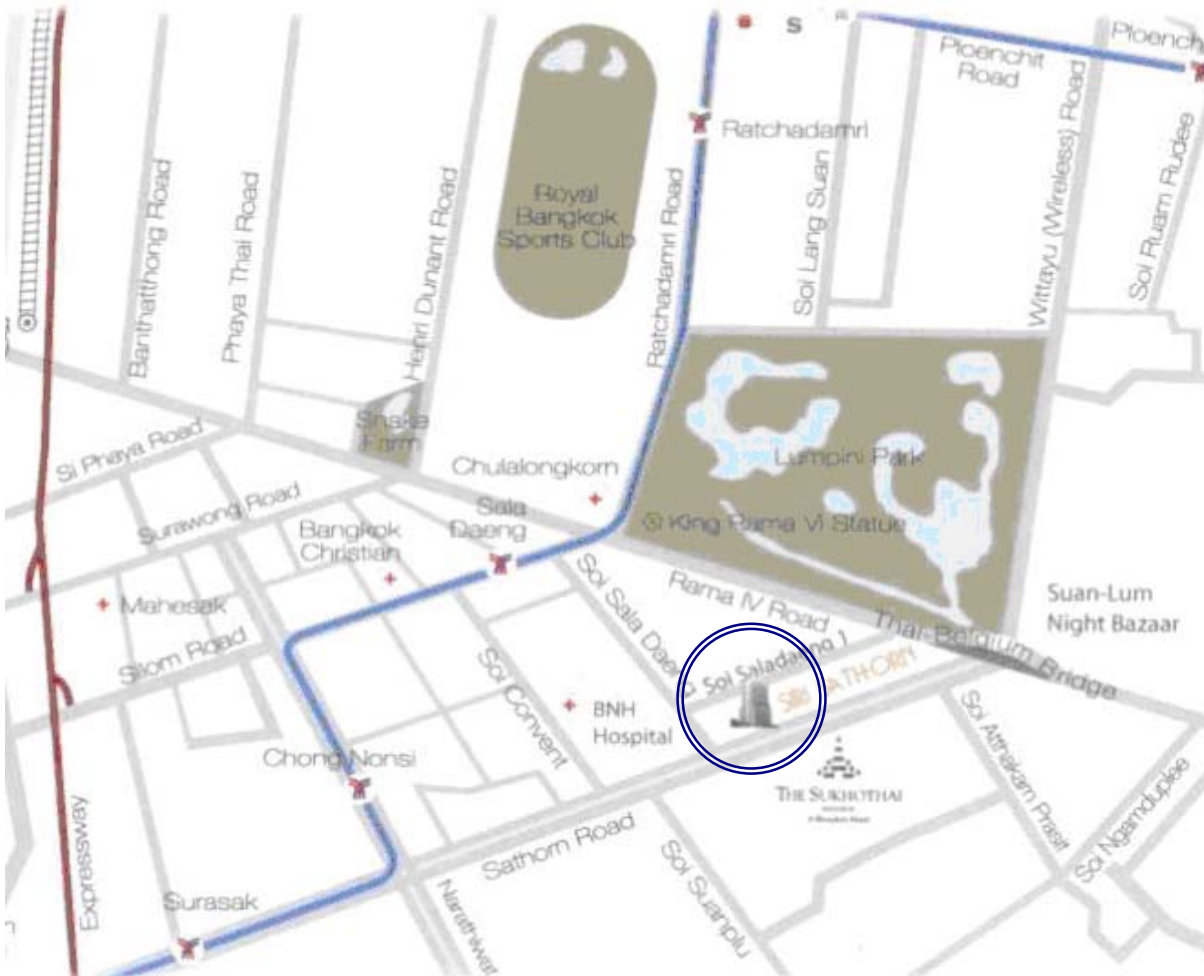

**“The Pre-MBA Accounting & Finance Program”**

**Time:** *Morning Session* from 9am – 12noon  
*Afternoon Session* from 1pm – 4pm  
*Accounting & Finance Clinics* from 4pm – 5pm

**Fee:** The normal fee is 11,000 Baht/person. **Special rate for the payment made before April 13, 2007 is 9,500 Baht/person.**

## Get to know our team

### "Bigg" Chanachote

Chanachote graduated with MBA from Cornell University where he qualified to be a teaching assistant in the topics of finance and marketing. He worked at eBay in Silicon Valley, California and enriched his MBA experiences as an exchange student to London Business School.

Prior to his MBA, he graduated with first-class honors from the BBA program, Chulalongkorn University and was also an exchange student to Michigan State University. Then, he worked as a senior executive at ACNielsen and was awarded the Arthur C. Nielsen Award (the employee of the year award) from ACNielsen (Thailand) and the Research Excellence Award from ACNielsen Asia Pacific. He earned CFA Level I and is currently working in the fund management at Bangkok Bank as a scholar. He is also a part-time lecturer for MBA and MS Marketing at Chulalongkorn University.

Chanachote can offer you his intensive US and European schools experiences. He can also guide you strategies to win the internship and full-time offers in the US.

### "Big" Tanva

Tanva completed his BBA in international business from Chulalongkorn University, was an exchange student to Michigan State University, and received a certificate of credits from London School of Economics. As a Fulbright scholar, he obtained an MBA in entrepreneurship from UCLA where he was awarded the UCLA Anderson Top International Student Fellowship as well as the Dean's Grant.

His professional experiences include treasury management at Thailand's top telco, overseas internet business at an investment conglomerate of the Singapore government, and business development in a family-owned business. He currently runs his own real estate company while teaching part-time at Chulalongkorn University in entrepreneurial studies and marketing for BBA, MBA, and Young Executive MBA classes. Tanva was featured in "The Nation's 100 Young Executives of the Year 2005".

On top of MBA applications, Tanva can assist you with scholarship applications and interview preparations.

### Advisory Team

#### "Tan" Nawanuch

Nawanuch worked at consultancy McKinsey & Co. before she accomplished her MBA at Cornell University. During her MBA, she enriched her international exposure through Cornell's exchange program with ESADE Business School, Barcelona. Nawanuch achieved the perfect TOEFL score of 300 and graduated from the BBA program at Chulalongkorn University with first-class honors. She is currently running her family-owned real estate business.

Nawanuch will present you winning strategies in MBA applications and interview tips.
